Dear Parent/Carer,

Year 12 will be participating in a study skills seminar delivered by Elevate Education, a highly respected provider of seminars to parents and school staff and study skills programs to secondary schools in Australia.

The seminar is designed to be given at least 3 weeks prior to the Year 12 Half Yearly Examinations and provides students with a range of skills to improve exam preparation and exam room performance. Specific skills include:

- developing a continuous learning loop
- how to use an exam planner
- exam preparation timeline
- getting the most out of practice papers
- rationing time in an exam
- breaking down an exam question
- stress management.

Following the seminar, students will have access, for the remainder of the year, to the full range of HSC support materials available from the Elevate Education website.

The seminar complements the previous study skills seminar delivered by Elevate Education to your child in 2016 when they were in Year 11.
